Old/New Business

- August water sampling occurred on 8/19 with Bill, Linda and Jim. Last sampling for the season 9/16. Thanks to Bill, Linda and Jim, our sampling team.
- Grant Status. 9/19 final Zoom meeting of the stirring committee for the Grant. What's Next??
- Loon Report - Jim MacDougall is working on the Loon report for the summer of 2024.
- Lake Host program up-date and safety concerns. We have used our funds for the Lake Host program. Leigh and Linda will volunteer over the Labor Day weekend. We will invite members of the Selectboard to our September meeting to discuss safety concerns in the Ramp Area.
- Lake boating safety concerns- a healthy discussion occurred around boating traffic on the lake. There is greater need for marine patrol on the lake. The jet skis cause a great deal of shoreline erosion. Lake Hosts have reported that Jet ski operators have been difficult.
- Life jacket station continues to be successful.
- New ideas for 2025. The past boat parades were a huge success. It appears that folks are less interested in becoming involved
- Next meeting September 25

Adjourn at 7:45

Respectfully submitted,
Muriel Ingalls
